

SAVE THE DATE

“The Sky’s the Limit” Aviation Career Day 2009

April 24, 2009

Our 4th annual Aviation Career Day will provide more than 1,400 local middle and high school students the opportunity to learn about aviation and aerospace careers, view civilian and military aircraft displays, participate in hands-on educational exhibits and science experiments, and network with industry experts.

Last year’s event was one of the largest and most successful in our three-year history! This year’s event promises to be even bigger and better, with more displays, more schools and more kids!

Please help us expand the reach and exposure of this great educational event to more schools and employers in our community. With your support, we can grow our industry and continue to contribute to our nation’s economy.
